

E ESSENTIAL BEAUTY WITH CPM

Less pain, Less swelling, Less downtime!

FAQS – Frequently Asked Questions

WHAT MAKES ESSENTIAL BEAUTY WITH CPM UNIQUE?

It is the Cohesive Polydensified Matrix (CPM) technology that makes this product so unique. This dynamic five stage cross-linking process is distinctive to Essential Beauty with CPM, giving the gel its remarkable elasticity and suppleness that integrates smoothly into the skin. Remember – less pain, less swelling, less downtime!

HOW LONG HAS ESSENTIAL BEAUTY WITH CPM BEEN USED?

The filler was launched in 2005 and has already taken the European and New Zealand markets by storm. The Essential Beauty with CPM filler has been administered to over 150,000 patients worldwide.

WHAT CAN ESSENTIAL BEAUTY WITH CPM BE USED TO TREAT?

The filler provides an aesthetic solution for a range of common concerns including: treating moderate to deep wrinkles, furrows and scars, adding volume to facial contours such as the cheeks and chin and lip enhancement.

HOW LONG DOES A TREATMENT TAKE?

One session usually takes just 20 minutes. Patients can return immediately to their daily activities. There have been few reported incidences of swelling after treatment with the Essential Beauty with CPM filler.

HOW LONG DO RESULTS TYPICALLY LAST FOR?

The gel integrates completely and homogeneously into the skin for immediate and long-term results that last between nine to twelve months.
