

5th National Laser & Cosmetic Medicine Conference

12 - 13 SEPTEMBER 2009 | SHERATON ON THE PARK HOTEL | SYDNEY

An invitation to sponsor and exhibit

Keynote Speaker

Dr Mitchel Goldman

Dr Goldman, a prodigious medical researcher, has published over 250 scientific papers and textbook chapters and 18 medical textbooks.

He is a Clinical Professor in Medicine and Dermatology at the University of California, San Diego, and a recent recipient of the American Academy of Cosmetic Surgery's 21st Century Achievement Award.

Topics to be covered include

- Dermal Fillers / Botulinum toxin: New products & techniques
- Advances in fractionated laser technology
- Sclerotherapy and microsclerotherapy for leg veins
- Common cosmetic dilemmas
- Pigmentation - types and new treatments
- Laser assisted lipolysis
- Radiofrequency facial rejuvenation
- New advances in temporary & semi-permanent dermal fillers
- Non surgical cheek augmentation
- Non surgical facelift thread
- Chemical peels
- Laser safety issues
- Update on photodynamic therapy

Platinum Sponsor

This year, Sydney will host the 5th Annual National Conference for Laser and Cosmetic Medicine. Since our first meeting this conference has developed a reputation for delivering

an outstanding academic program with excellent national and international speakers. This year's program focuses on non-surgical cosmetic procedures and targets doctors including physicians, general practitioners and surgeons.

There is also a **3-Day Pre-Conference Introductory Workshop | 9-11 September**, specifically designed for doctors new to the field of cosmetic medicine as well as a concurrent course in **Laser Safety | 12-13 September**, for nurses & allied health staff.

Over these last five years, the conference has formed close links with the Australasian Society of Cosmetic Medicine and the new Australasian College of Aesthetic Medicine. This year the Convocation of the College's founding members will take place during the conference. This program has been approved by the RACGP QA & CPD Program. Total points (30) (Category 2).

Now is your chance to become involved by considering the sponsorship options available and securing a trade booth.

For further information please contact the LCMC Conference Secretariat:
